TB103 (Rev1) - CNCDRO Tips

To obtain the system ID:

1. Press **F6 - Setup**
2. Press **F1 - Config System**
3. Enter the password of **137**.
4. Press **F9** to display the system ID.
5. Press **F8** to allow a special parameter to be set. This is useful when P401 Enhanced DRO is set.
